FACULTY OF ANIMATION, ARTS & DESIGN

# Honours Bachelor of Animation

For 50 years, Sheridan has been considered one of the best animation schools in the world.

Break into the industry via the program that produces Academy Award winning animators.

## Professional, hands-on instruction and creative freedom

In our Animation degree program, you'll learn from industry professionals, using the same techniques and tools that you'll eventually need in the workplace. Using state-of-the-art software and hardware, you'll create your own stories, designs, characters and layouts, and produce your own films.

## From story pitch to finished film

Sheridan's animation program emphasizes classical principles of animation in a variety of forms, including 2D digital, 3D and stop motion. You'll learn the art of storyboarding and hone your life drawing, layout and digital painting skills. Working collaboratively or individually on productions, you'll have the opportunity to explore all aspects of animation filmmaking.

## Career connections

After Year 3, you'll gain professional experience during a three-month work placement. And at our annual Industry Day, employers will fly in from across North America to meet you, see your work and conduct interviews.

## Admission Requirements

### Program Eligibility

**Ontario Secondary School Diploma or equivalent, including these required courses:**

- English, Grade 12 (ENG4U)

*plus*

- One senior-level Visual Arts credit at the M, or Open Level
- Four other Grade 12 subjects at the U or M level
- Minimum 65% overall average

or

- Two semesters of postsecondary education including required courses with a minimum 65% overall average

### Applicant Selection

Eligible applicants are selected on the basis of previous academic achievement (the average of their six highest senior-level credits, including required courses), and the results of their portfolio assessment. A portfolio review fee is required with the submission.

Applicants who do not meet the admission requirements for this program will be assessed and advised individually and may be considered for other, related programs.

### Progression Policy

Academic progress in the program is based on meeting the requirements of an internal academic policy that outlines course and program grade standards, as well as pre- and co-requisites. This policy is distributed to students at the commencement of the program.

Sheridan has been granted a consent by the Ministry of Advanced Education and Skills Development to offer this applied degree for a further five-year term starting July 19, 2013. Sheridan will ensure that all students admitted to the Bachelor of Animation program during the period of consent will have the opportunity to complete the program within a reasonable time frame. Credentials earned during the period of consent remain valid, even if Ministry consent to offer the program is withdrawn in the future. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g. acceptable to potential employers, professional licensing bodies, or other educational institutions).

Refer to the website for full admission requirements.

## Career Opportunities

Employers regard our animators as the cream of the crop; Sheridan graduates routinely go straight to work for top-flight studios and firms in feature films, television animation, gaming and advertising.
