Full-time | Hazel McCallion Campus | 4 yrs (8 semesters)

An accounting program designed to respond to the changing business world.

## What you'll learn

In the first two years of your program, you'll gain a solid grounding in the functional areas of a business. Building on this foundation, you'll focus on financial and cost analysis, taxation, assurance, ethical and regulatory compliance, and financial reporting in your third and fourth years.

## Make it your own

Discover how you learn and what you need to do to break through the things that are limiting your success. We'll help you build your capacity to respond to new and complex situations in a rapidly changing world so that you can build your career, while giving you the opportunity to customize your program to build on your personal strengths.

## Hands-on experience

Passionate, caring professors blend industry and academic experience with the latest experiential learning models to create a learning environment that allows you to make your own discoveries. Your professors remain current in their field, are open to new ideas, and embrace an approach to teaching and learning that allows you to develop your critical and creative thinking skills.
