Full-Time | Trafalgar Road Campus | 1 yr
(2 semesters)

FACULTY OF ANIMATION, ARTS & DESIGN

Web Design

Our program provides professional skills that translate directly to the marketing and communications, advertising, e-commerce and web design industries.

Get web design training, career skills, and the best jobs.

Intensive, project-based web design training

- Design and launch up to 5 websites.
- Design and code additional interactive and online materials including motion graphics, apps, and newsletters.
- Learn the current versions of industry-standard web design software.
- Gain coding skills in HTML, CSS and jQuery.

Flexibility in a fast-paced industry

Web design trends and technologies are constantly evolving, and so is Sheridan's curriculum. You'll learn the most up-to-the-moment practices — but you'll also develop core principles that never change, so you can adapt to whatever new web design trends come along next month, next year, or next decade.

Our program and your career

As Canada's only two-semester postgraduate web design diploma program, Sheridan offers the shortest path to a web design career: you can be working in less than a year. We draw students from a wide range of design-related fields, including graphic design, illustration, architecture, industrial design and fine arts.

Admission Requirements

Program Eligibility

- Postsecondary diploma or degree in design, visual or fine arts.

and/or

- Demonstrated competence through related work and/or educational experience.

Applicants must be competent in Adobe Photoshop and Illustrator or equivalent software. Applicants will be expected to have these competencies prior to the start of the first course.

Applicant Selection

Eligible applicants will be selected on the basis of:

- Demonstrated competence through related work and/or educational experience

and

- Response to a questionnaire
- Portfolio

Your portfolio of 12–15 pieces should consist of digital work and/or traditional work (scanned or photographed) submitted on CDs or as URLs. The questionnaire assesses suitability for a professional career in web design and outlines business/work experience and personal/professional goals.

There is a portfolio review fee.

Postsecondary transcripts, indicating courses completed to date, must be submitted to ontariocolleges.ca at the time of application.

Domestic applicants with education outside of Canada must have their transcripts assessed for equivalency through ICAS or WES. A general (document-by-document) or a comprehensive (course-by-course) assessment is required.

Applicants who do not meet the admission requirements for this program will be assessed and advised individually and may be considered for other, related programs.

Refer to the website for full admission requirements.

Career Opportunities

Employers with an ongoing need for web design talent include: advertising agencies, marketing firms, corporate creative services departments, government agencies, and design firms.
